

"UNICAF IN 5 MINUTES" - 4th EDITION!

The long-awaited 4th edition of "Unicaf in 5 Minutes" has arrived! Get ready to delve into Unicaf's recent victories, accolades, and the remarkable achievements of our students, partners, and organisation spanning Africa and beyond!

VISIT OF PROFESSOR KEVIN VAUGHN

We were delighted to host Prof. Kevin Vaughn, Dean of University of California Riverside Extension at Unicaf HQ in Cyprus. This visit signifies a key moment in our ongoing collaboration, strengthening ties and exploring new opportunities for our students and faculty. Exploring new horizons and strengthening ties within the academic community is at the core of our mission. We are working together to create innovative educational opportunities and valuable partnerships.

26TH NAIROBI INTERNATIONAL EDUCATION AND CAREER FAIR

This year's theme, "Exploring career pathways to shape your future," resonated with Unicaf's mission to contribute to academic research and professional practice which serves the interests of the local communities and the wider global environmental agenda. Unicaf's presence at the fair was marked by a significant booth, where attendees learned about the diverse online and blended learning opportunities offered through partnerships with Unicaf's reputable universities in the UK and Africa.

UNICAF UNIVERSITY AND RANDU ACADEMY FORGE A STRATEGIC PARTNERSHIP

The MoU signing ceremony, attended by Dr Robert Ridley, Vice-Chancellor of Unicaf University in Malawi, symbolises a commitment to broadening access to quality higher education in Malawi. The collaboration aims to empower learners in the region by offering a diverse range of degree programmes and professional development courses through Unicaf University's online platform.

UNICAF UNIVERSITY PARTNERS WITH YOUNG ACADEMY IN MALAWI TO ENHANCE ACCESS TO QUALITY EDUCATION

The strategic partnership between Unicaf University and Young Academy marks a significant step towards creating a comprehensive and inclusive educational ecosystem in Malawi. By combining Unicaf University's expertise in online higher education with Young Academy's dedication to primary education, the collaboration aims to create a lasting impact on the educational landscape of the region.
